

Model 620 CB with precision MT-5 adapter.  
Parts are diesel fuel injection nozzles  
for O.D. profile grind on Tschudin  
Anglehead grinder. Chuck has  
sub-jaws, pull down inserts &  
carbide ball nose shafts mounted  
on No. 15 taper sleeves.  
Carbide shafts run concentric to  
1/10,000 T.I.R. Inserts repeat to  
1/10,000 T.I.R. Inserts grip  
nozzle, center the base and  
pull the nozzle seat onto the  
carbide ball nose shaft.
